

Graham Hancock Election Statement

Graham is standing for election at the January 2024 AGM as a Board member and would serve as Treasurer following Jim Walsh' resignation.

In order to enable a seamless handover the BU Board has co-opted Graham to the Board.

Graham Hancock

I was born and grew up in Lancashire, but have lived in West London for 26 years and been a Brentford supporter for the last 20 years. All my family (my wife, two teenage children and I) have been season ticket holders for a number of years, previously at Griffin Park and now in the West Stand of the new stadium. I have been thrilled at the journey and successes of Brentford over the last two decades.

I attend just about all home games and the majority of away games.

I also regularly attend B Team and Women's Team matches.

I am particularly keen to see the women's team achieve further success.

I have a degree in mathematics and am a qualified chartered accountant. I have trained with a large practising firm and have worked in the private and not for profit sectors. For the last 17 years I have worked for the Civil Service in a selection of central government departments and am currently Head of Finance in a government body.

I am hugely excited at the prospect joining the Bees United Board and feel privileged to play a part with the supporters and the club itself across all areas and the community.
